

Quarterly Market Update - October 2024

[Take Our Compatibility Survey](#)

This week, tune in as Jeff Dicks, Evergreen's Co-Chief Investment Officer, provides a thorough analysis of the markets through 43 detailed charts. He explores vital economic indicators, including employment rates, wage trends, and retail sales. Wealth Advisor Kaeli Creed contributes her insightful commentary to enhance the discussion of essential themes to watch as we wrap up the year. This session aims to equip clients with a holistic understanding of Evergreen's market perspectives and their impact on portfolio management. Clients are invited to view the presentation and connect with their Wealth Consultant for any inquiries about their accounts or the topics discussed.

This material has been prepared or is distributed solely for informational purposes only and is not a solicitation or an offer to buy or sell any security in any trading strategy. Any opinions, recommendations, and assumptions included in this presentation are based upon current market conditions as of the date of this presentation, and are subject to change. Past performance is no guarantee of future results. All investments in the material presented is compiled from sources believed to be reliable, but accuracy cannot be guaranteed, and Evergreen makes no representation as to the completeness. Securities highlighted or discussed in this communication are mentioned for illustrative purposes only and are not intended to be a recommendation or offer to buy or sell any security. Evergreen actively manages client portfolios and securities discussed in this communication may or may not be held in such portfolios at any given time.

There is no guarantee that these yields stated in this presentation will be achieved. Yields mentioned are gross of fees. The yield indices are not actively managed and therefore do not have transaction costs, management, or other operational expenses. The yields do not include advisory fees, brokerage or other commissions, and any other expenses that a client may pay. Please note that the yield number is not intended to represent the performance that your account could expect to earn based on this investment allocation. Your actual return will also be impacted by price appreciation or depreciation for equity investments as well as the deduction of advisory fees, brokerage or other commissions.
