EVA Readers Rock!

Your response to our Ukrainian relief message has been extraordinary!! It appears that we will at least hit $75,000, with a decent shot at approaching my $100,000 “stretch” goal.

A few of you even took my suggestion and donated appreciated stock. In that regard, included below is a receipt from the Salvation Army’s Marci Servizi acknowledging the stock transfer my wife and I made.

Gift Date	Donor Name	Securities Name (Ticker Symbol)	# of Shares	High	Low	Mean	F

In this world that seems to lurch from one nightmare scenario to another, it’s tremendously heartening to see such a large number of Americans coming to the aid of the Ukrainian people in their darkest hour. One of the most moving acts of human kindness, which so many of you have demonstrated, is generosity to total strangers.

Thank you very, very much!

Dave
